

Dear Friend,

Greetings from Dharmaram Vidya Kshetram, Bengaluru!

We are pleased to announce that the Pontifical Athenaeum, Dharmaram Vidya Kshetram, Bengaluru, India, will host a conference on **Dharma with Artificial Intelligence** (Innovative, Intelligent, and Inclusive Investigation) **from 9 to 11 January 2025**.

You are cordially invited to participate and contribute to this meaningful dialogue on dharma with artificial intelligence. This conference explores how the human heart, head, and hand work harmoniously to build a happier and more harmonious world.

At Dharmaram Vidya Kshetram, the regulative principle of dharma is our guiding force. Dharma, a concept deeply embedded in Indian culture and civilization, serves as a foundation and a catalyst for realization and transformation. Inspired by the vision of our Institution as a living temple of wisdom and by the dharma of Jesus Christ for the well-being of all and the glory of God, we aim to reflect deeply on the implications of artificial intelligence in our world.

For more details, please visit the links on this page or refer to the attachments.

Registration Form: <https://forms.gle/VwyURMnEBmhhgsLz5>

Call for Papers: <https://forms.gle/zNQnteB74Gm5SSZm6>

Should you have any questions, feel free to contact us at **dai2025@dvk.in**. We will be happy to assist you.

We look forward to your participation and valuable contribution to this evolving field of study.

Yours sincerely,

Prof. Dr Paulachan Kochappilly, CMI
Convenor, Conference on Dharma with Artificial Intelligence

CONCEPT NOTE

The National Conference DAI2025 (Dharma with Artificial Intelligence 2025), organised by Dharmaram Vidya Kshetram, Pontifical Athenaeum, Bengaluru, Karnataka, India, aims to explore the transformative potential of AI in various fields such as education, economics, ethics, healthcare, and climate change, illustrating its philosophical, theological, legal, and spiritual spectrum.

It seeks to integrate the principles of Dharma, which promote inclusivity and the flourishing of all persons and the whole person, with AI's innovative and pervasive influence. The conference underscores AI's role in enhancing human development, advocating for its prudent and ethical use to foster integral progress and social justice.

In his address at the G7 summit, Pope Francis highlighted AI's extensive impact on numerous aspects of life, from medicine and education to politics and communication. He emphasised the need for ethical regulations to manage AI's powerful influence on human identity and social relationships. DAI2025 conference resonates with this vision, aiming to create a dialogue, discernment, and decision-making that balances AI's capabilities with the values of human dignity and harmonious living.

The conference envisions a future where AI is celebrated as a technological tool to enhance human creativity, emotions, and heart-level communication, leading to a vibrant and interconnected community.

DAI 2025 proposes the concept of “Artistic Intelligence,” where AI facilitates a celebration of life, diversity, and unity. By fostering a heartfelt approach to AI, the event aspires to transform technological advancements into a source of joy, beauty, and holistic progress for humanity, consisting of God’s glory and the welfare of all in the world.

CALL FOR PAPERS

DAI (Dharma with Artificial Intelligence) Conference invites scholars and professionals to participate and contribute to the expanse of knowledge and their experience sharing for a better understanding of the emerging giant called AI for our times.

Participants and Paper Presenters are warmly welcome to the DAI 2025: Innovative, Intelligent, and Inclusive Investigation conference.

Focus the paper on any of the given titles or related topics. Register your name at your earliest through the online registration form below. Submit the abstract of your paper in 200 words through the separate submission form.

Submission of the paper proposal on or before [30 October 2024](#).

Announcing the acceptance of the paper proposal on [15 November 2024](#).

Submission of your full-fledged paper on or before [15 December 2024](#).

The conference fee is INR 2000, which includes boarding and lodging.

Paper presenters will be given free boarding and lodging on the campus during the conference days.

The selected papers will be published as a volume after the conference.

I. AI AT THE SERVICE OF HUMAN AND SOCIAL DEVELOPMENT

1. Celebration of Life and Diversity
2. Respect for Human Dignity
3. Justice, Peace, and Harmony through AI
4. World of Communication
5. Towards a Casteless Society
6. Politics and Governance
7. Religious Beliefs and Mission of the Church
8. Freedom of Thought, Word, and Action
9. Empowering Tribals and Dalits
10. Algor-ethics

II. TECHNOLOGICAL INNOVATION AND AI

1. Laws, Regulations and AI
2. Healthcare Ecosystem and Biotechnology
3. Research and Publications

4. GenAI
5. Family, Human Person and AI
6. AI and Jobs, Workspace
7. AI in Robotics and Autonomous Systems
8. AI for Explainability and Trustworthiness
9. AI in Cybersecurity
10. Wars, Weapons of Mass Destruction and AI

III. EDUCATION, ECONOMICS AND ENVIRONMENT THROUGH THE LENS OF AI

1. Inclusive and Diverse Education Programme
2. Transformative Force and Scientific Progress
3. AI and Formative Spirituality
4. AI and Philosophical Formation
5. AI and Theological Ethics
6. AI and Christology
7. Forms of Fine Arts
8. Agriculture and Industrial Culture
9. Research and Publications
10. Media and Communication
